CONNECTED BY LIGHTING

OUTDOOR LIGHTING

2021

NOVELTIES

Hello,  
nice to meet you  
we are

**LUTECH**  
CONNECTED BY LIGHTING

one LUTECH,  
one **lighting** world

We think that outdoor lighting is one field with different needs and approaches. Our main challenge, using our experience, is to propose creative solutions to enlighten your outdoor living space.

**As LUTECH, we have made this open choice to embrace this field of activity most completely.**

Architectural, with wall and ceiling decorative lamps, specific light effects, functional with directional or recessed lights, the garden, the paths and terraces... Entering in the solar lighting is more than trendy, the solar energy being an active part of our future.

Begun recently, the activity related to safety and comfort has gained importance. New connected camera ranges are developed. The world of colour and programming to manage all your lights now enters our collections.

One world, different faces, different segments developed with the same concern of quality and efficiency.

discover what's **new**

# make your outdoor life smarter

## LUTEC connect

LUTEC introduces a range of Outdoor luminaires with the integrated LUTEC connect lighting module. Combining high quality weatherproof aluminium fixtures with endless possibilities to control the powerful LED Light.

### Always connected

Fast and stable Bluetooth connection. Thanks to mesh technology you can enjoy the full scalability towards all your outdoor living spaces, also the ones in a more remote position.

### Splendid Light

Enhanced by the LUTEC connect dynamic CCT & RGB colour tuning technology. Great light for the great outdoors. It's about freedom without compromise. A light for every mood!

### Convenient, Comfortable & Personal

Open the LUTEC connect App, take full control and discover the full smart lighting experience. The optional smart remote control offers the full functionality without internet access in the most convenient and simple way. You can create and program the perfect outdoor atmosphere for every occasion.

# a light for every mood

# Black is the new grey!

Black is completely back in home decoration. LUTEC offers now a number of existing and new designs in a mat black finish.

## New Scandi Inspiration

This trend can be seen all over Europe. Outdoor luminaires with pure and gentle lines in mat black colours, perfectly matching with other black decoration elements around your home and in your garden.

## Timeless and versatile

These mat black models are suitable for many different styles of outdoor walls and will give a valuable and uniform impression.

## Warm white light at the dark side

The complete series in mat black are equipped with a 3000K - LED module. Giving a warm white diffuse glow or a cosy warm white beam on your outdoor walls.

**BLACK  
edition**

warm white light

# Never change a winning team!

In the recent years LUTEC has introduced a number of very successful ranges like GEMINI, CUBA, QUBO and HELENA. Today we can present some extra versions of these top families.

## Beam your way

The new GEMINI BEAMS model offers a wide variety of different beam patterns, up & down on your outdoor walls. Tuneable with a simple twist of the diaphragm ring.

## Size matters XF-S-M-L

A large choice of different sizes will be available, going from small to large, from flat to extra flat. This in square, rectangular and cube models.

## Complete your outdoor lighting projects

By introducing these extra versions, you can arrange your complete lighting project with models of a same family. These models will be equipped with some functional and completely integrated elements as a PIR motion sensor and power outdoor socket.

# there's a new tradition

Cottage flair around your house, LUTEC further extends their Tradition series with retrofit solution.

### IF Design Award 2020 winner

All you need is flair! For sure a nice achievement and testimony to the good design.

### Transparent Glasses

Beside the execution with the distinctive water drop glass diffuser, the complete KELSEY family is now also available with clear transparent glasses.

### Vintage flair LED filament bulbs

You can apply the newest decorative filament LED bulbs, these lamps are now available in all forms & shades. The connected & tuneable models will facilitate the full control of the lights at your personal desire. A warm amber glow turns your garden into a cosy & charming environment.

# solar? yes, please!

LUTEC has a variety of different concepts covering the complete solar energy field. Recently some new attractive and compact Solar outdoor LED Lights were launched in the market.

### Compact, Cute and Convenient

New in the integrated solar panel wall light offer are the models DOBLO and TRY, both featuring a power full light output of 500 lumen and extra dimming function switch.

### "You are my little sunshine"

New compact version of the well known SUNSHINE solar flood light range. Now also available in a small but powerfull version. Ideal for multiple use to cover different areas in your garden, driveway and carpark.

connected light

make your  
outdoor life  
smarter

**CONNECTED LIGHT** is now already the future for all your lighting applications in the garden and around your home.

The new **LUTEC connect** range offers a wide variety of outdoor luminaires with a fast and stable Bluetooth mesh connection, suitable for distant installations in your garden. Enjoy the full smart lighting experience, just by opening the LUTEC App. For instant in the room control, you will appreciate the convenience of the LUTEC Remote Control.

The existing **TUYA powered** ranges are fully compatible with the **LUTEC connect** ecosystem. CCT control from Warm White to Cool White with a simple move on your smartphone. Convenient and creating the desired tuneable light.

# pepper

## portable

PEPPER is a modern, design award winning portable table lamp which is suitable both indoors and outdoors. With the built-in battery, it can be positioned and moved as desired, and the brightness can be adjusted. The battery is easy to charge via the included USB connector. PEPPER invites you to lift it up and take it wherever you want. Use it outside on the balcony, take it on a picnic or create cozy lighting in the living room. PEPPER is made of hard plastic and is durable against wind and water.

solar

solar?  
yes, please!

**SOLAR** covers a variety of different concepts in the field of renewable energy lighting solutions. The portable range illustrates light mobility, pleasant and ubiquitous to use. The wall lights and bollards are built following two principles, using an integrated or independent solar panel, quick and easy to install. Today the highly efficient solar panel in combination with powerful LED modules are giving a really satisfactory light level. Making the most out of the available solar energy is cleverly realised by intelligent user interfaces such as 3-step dimmers, timers and PIR-sensors.

# try

## integrated panel

This outdoor SOLAR with integrated solar panels combines a simple functional design with a high user-friendliness. This Try wall light works without a power connection: you can easily install it in your garden or as mood lighting next to your front door. Thanks to the built-in motion sensor, it lights up automatically. An extra feature of this new design is the dim switch.
