

Pole

NESTOS – 540969142

incl. 1x SMD, 13W · 1x 1300lm, 3000K

- **Motion sensor**
- **Not suitable for external dimmer**
- **IP54**
- **Not dimmable**

The NESTOS path light provides the necessary safety around your house and unfolds its full effect in the dark. The striking design radiates the light evenly into the outdoor area, so that an effective and pleasant light intensity is achieved. The integrated motion sensor automatically switches the light on and off again when there is movement in the immediate vicinity. Due to the given protection class IP54, the luminaire is protected against splashing water and is perfect in your garden or on the way to the house. The outdoor luminaire consists of a high-quality die-cast aluminium in anthracite as well as a white, cuboid-shaped light body made of plastic. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

Material construction

Diecast aluminium ·
Anthracite
Plastic · White

Product dimensions

Width: 26cm
Height: 45cm
Weight: 2,205kg

Technical data

Light source: SMD – LED (integrated)
Watt: 13W
Lumen: 1x 1300lm
Kelvin: 3000K
Color rendering (CRI): > 80 CRI
Lifetime: 30000H
Switching cycles: 15000x ON/OFF
